

ArcTitan

ArcTitan Departmental Benefits

ArcTitan can benefit everyone in an organisation

Our technology makes life easier for HR; meets the needs of both legal and compliance; supports IT with all email related tasks; and has been welcomed by financial departments across multiple industries as a valuable cost reduction. Not only that, but the more departments begin to use ArcTitan, the more people benefit from real cost and time savings by bringing an improvement in efficiency.

IT Department

- » Deduplication and compression of email means less storage used
- » Reduced end user help requests gives IT more chance to be proactive in their role
- » Improved IT security with an additional gateway to your email
- » No more PST files means no more PST management issues
- » No plugins make for easy management and implementation
- » Additional reduction of the mail server storage space using “stubbing”
- » No IT involvement in HR investigations
- » Disaster Recovery
- » Assists migration between mailservers or to Office 365

Human Resources

- » Makes eDiscovery fast and easy
- » No longer need to wait for help with email investigations
- » Helps your business be compliant with privacy laws
- » Audit prevents unfair searches or snooping and therefore ensures compliance with privacy laws
- » Encourages employees to make a behaviour change for the better

Marketing, Financial & Compliance

- » Validate records by attaching a digital finger print to them.
- » ArcTitan makes exporting email lists easy and super-fast.
- » ArcTitan allows access to external auditors where appropriate and recognises cost savings

Legal Department

- » Forensic & reliable email capture
- » Audited access
- » Role based access
- » Evidential store fit for the courtroom
- » Have total faith in the findability of your emails
- » Reduce risk of exposure
- » Have all the facts before entering into legal disputes

“ In a nutshell ArcTitan was purchased as a high level answer to a need, but has evolved into a day to day product. People can't lose emails and that really helps IT reduce premium storage requirements for email data moved into the archive. Archive with ArcTitan and stop wasting resources now! ”
